

same character as those stated by Thurston.

James B. Castle, who was Surveyor-General of Customs at Honolulu, has been assigned to duty as secretary of the Hawaiian Legation here.

SEAL CONFERENCE PROGRESSES.

Proposition Said To Have Been Made To Settle Question.

WASHINGTON, October 28.—In reliable quarters it is said that the conference between Russia, Japan and the United States now proceeding here in reference to sealing in the Bering sea and the North Pacific has advanced to an important stage and that a proposition has been reduced to writing which, if accepted, will bring about a complete change in the sealing question.

The proposition is said to be acceptable to the United States. It is understood to be acceptable similarly to the Russian delegates now here, but in view of the restriction placed upon them by their credentials it has been thought desirable to cable to St. Petersburg for final instructions. The Japanese delegates are understood to have felt at first that the proposition would not be in their interest, but after a further conference Mr. Fujita determined to cable the substance of the proposition to his Government, accompanying it with a recommendation for its acceptance. Little doubt is entertained that Russia will accept the proposition and, in view of Mr. Fujita's recommendation, it is believed that Japan also will join in it.

Owing to Japan's view of the subject, the opinion of the seal experts was laid before the Japanese delegates. This opinion was to the effect that while Japan's seal possessions were little or nothing at the present time, yet that by adequate protection of the seals her decimated rookeries would be restored and a large seal property built up. This expert view appears to have been convincing on the Japanese delegates, for, as already stated, Mr. Fujita not only cabled the final proposition to Japan, but accompanied it with his favorable recommendation.

WEYLER READY TO SAIL.

Is Quarters Temporarily Abandoned The Vessel.

HAVANA, October 29.—Lieutenant-General Weyler embarked on the steamer Montserrat shortly after 4 o'clock this afternoon, but under instructions from Madrid, the vessel will not sail until after the arrival of Marshal Blanco, the new Captain-General of Cuba.

The palace is being prepared for the latter's reception, and it is officially stated that accommodations there will be "insufficient for both."

The Quinta Molanos Mansion, in which General Weyler had expected to reside temporarily, was found to be in too bad condition.

THREE PRESIDENTS TO CONFER.

Executives of Nicaragua, Honduras and Salvador to Meet.

NEW YORK, October 29.—A cable to the Herald from Panama says: From the Herald's correspondent in San Salvador I learn that it is reported on good authority that President Gutierrez has gone to La Union to meet and confer with the President of Nicaragua and President Bonilla of Honduras. It is officially stated that President Gutierrez went to La Union to examine a new railroad. The object of the conference between the three Presidents is not known.

WOLCOTT GOES TO PARIS.

New Bimetallic Proposals to Be Submitted to the French.

LONDON, October 28.—Senator Wolcott of Colorado, chairman of the United States Monetary Commission, has gone to Paris in the hope of prevailing upon the French Government to agree to fresh bimetallic proposals. It is believed here, however, that the Government of France will not do anything further in the matter.

COFFEE CARGO FOR EUREKA.

Schooner From Hawaii to Unload at Humboldt's Port.

EUREKA, October 22.—Captain F. O. Raven of the schooner Bertie Miner, who has just returned from Honolulu, states that the schooner Norma may be expected here soon with a cargo of coffee from the Hawaiian Islands. It was intended to go direct to San Francisco, but as this is a free port of entry, the saving on entrance, dockage and port charges will more than compensate for freight on the cargo from here to San Francisco. This is the initial cargo to be handled in this way, and it is expected to prove the pioneer movement in a regular trade with Kailua, if not with many more plantations of the islands. The Norma will take a return cargo of redwood.

WASHINGTON, October 29.—The President today appointed General James Longstreet of Georgia to be Commissioner of Railroads, vice Wade Hampton, resigned. General Longstreet is the famous Confederate General, who has been prominent in the South since the war as one of the leading Republicans. He was a devoted friend of President Grant and has held office under Republican administrations.

BY AUTHORITY.

SCHEDULE OF ARTICLES

Required by the Bureau of Honolulu Roads, for the term of Six Months, commencing November 11, 1897.

BUILDING MATERIAL.

Red bricks, per M.
Portland cement, per bbl. of 400 lbs.
California lime, per bbl.

COAL.

Per ton of 2,240 lbs.

Blacksmith's best Cumberland.

Australian.

Departure Bay.

New Zealand.

HARNESS, LEATHER AND FINDINGS.

Trace leather, per lb. No. 1.
Lace leather, No. 1, per foot.

Tropic Oils

for Cylinders, Engines and Machinery of every description are now well established, and are known to be the finest LUBRICATING OILS used in the Islands. Tropic Cylinder Oil is made from the very highest grade crude oil produced, which is settled for a number of months, then refined and thoroughly filtered through animal charcoal, which renders it free from gum, grit, acid or any material of a corrosive or injurious nature.

The oil is heated to a certain temperature and compounded and passes through the regular process of uniting. The fire test of these oils is 600 and the cold test is 35 and they have a high viscosity.

The ENGINE OIL is made after the same manner. We have sold hundreds of barrels of Tropic Oils this year and we have two large shipments now on the way from New York, so will be ready for the next season. Try Tropic Oils and you will use no other.

E. O. HALL & SON, Ltd.

Startling Announcement!

The next Australia, Nov. 9th, will bring us a large shipment of wheels. Our space is limited and we must make room for them. We are going to give you a chance to secure a HIGH GRADE WHEEL at the price of a low grade wheel. It will be the chance of a life time, but will last only until Nov. 9th. First come, First served.
